Damirbek Xursanaliyev

Frontend Engineer | Tashkent, Uzbekistan

github.com/developerdamirbek
linkedin.com/in/damirbekx
React.js & Next.js | React Native

Education

Aug 2023 - May 2024

Najot Ta'lim. *Frontend Bootcamp*
Mastered React.js, Next.js, and design principles through hands-on projects and algorithmic problem-solving.

Experience

Frontend Engineer, UNICORP LLC

July 2025 - Present

- Designed and implemented the software architecture for a MedTech, CRM/ERP platform, focusing on scalability, security, and seamless integration of medical workflows, patient management, and business operations.

Frontend Mentor, Ustudy By UZINFOCOM

May 2025 - July 2025

- Mentored junior developers in frontend best practices, conducted code reviews, guided on complex UI challenges, and promoted clean, scalable, and high-performance code.

Frontend Developer, Intersoft Tech

May 2025 - May 2025

- Built interactive, visually engaging websites (cinema platforms, news portals, landing
- pages) and collaborated with backend teams to deliver high-performance web apps.

Frontend Engineer & Mobile Developer, WINDERMERE PRO LLC

Aug 2024 - May 2025

- Worked on the development of a large CRM system for logistics, improving operational
- efficiency by 40%. Designed and implemented a structured framework for managing
- projects, ensuring consistent and efficient development. Developed CRM, ERP, e-
- commerce platforms, Telegram bots, and landing pages for logistics and other
- organizations. Collaborated closely with Python backend developers to integrate frontend systems and ensure smooth functionality.

Frontend Developer, Abutech Software Development

May 2024 - Aug 2024

- Developed frontend for LMS, CRM, and ERP systems, enhancing user experience.
- Collaborated with a skilled team to create scalable, high-performance applications.
- Built responsive interfaces optimized for multiple devices.
- Integrated frontend with backend services for seamless functionality.

Intern Frontend Developer, iTransition

February 2024 - May 2024

- Developed user interfaces for web applications using HTML, CSS, JavaScript, and React.js
- Collaborated with the Node.js backend team to integrate frontend and backend systems
- Assisted in creating coding guidelines and maintaining code quality across the team

Skills & Interests

Strong problem-solving abilities, excellent communication skills, and the capacity to work effectively under pressure. Passionate about crafting intuitive and visually appealing user interfaces while maintaining high performance and scalability.
